

SECTION 9:

PARTS LISTING

POWERSPREAD PARTS MANUAL

Machine Identification

The Powerspread machine and serial identification numbers are engraved on a plate on the left hand side of the drawbar beam.

Record serial, machine and any kit option numbers in the space below;

POWERSPREAD SERIAL NUMBER

POWERSPREAD MACHINE NUMBER

OTHER KIT OPTIONS

Ordering Spare Parts

To ensure that you order the correct part from your SRE dealer please use the following procedure.

ALWAYS QUOTE THE MACHINE AND SERIAL NUMBERS WHEN ORDERING.

Refer to the first page of this parts list section (machine assemblies), listing all the sub assemblies.

The appropriate assemblies part number (in the top left corner) will match the machine number from the Powerspread identification plate.

Use the following sub assembly numbers and descriptions to find the area of the machine that your part is required, i.e. if you need a part which is fitted to the impeller, your part will be in the discharge rotor assembly parts list.

Having decided which sub-assembly your part should be under, use the number beside that sub-assembly description, (which will begin with 6090 __ __), to find the parts listing of the sub-assembly further on in the manual. The number will be printed in the top left hand corner, the sub-assemblies are in numerical order.

Having found the correct parts list, you will find the corresponding drawing by either looking at the facing page or progressing through the manual to the next drawing.

The drawings indicate the components by item numbers which you will find are repeated in the left hand side of your parts listing, and therefore referring to the correct part.

PARTS LIST

1. 609905 01	POWERSPREAD PRO 2400 ASSY
2. 609905 02	POWERSPREAD PRO 1800 ASSY
3. 609049 01	AUGER AND AUGER FIXINGS KIT
4. 609049 02	AUGER AND AUGER FIXINGS KIT (1800)
5. 609050 01	IMPELLER SUB ASSY
6. 609051 01	DRIVES SUB ASSY
