OTHER NON-AUTOMATED POINTS							x			

NOTES:

1« Only applies to engines delivered starting from 2011: check the code in the cartridge.

2« Periodically check the rubber hoses: if visual inspection enables detection of evident signs of deterioration, replace them.

3« Thoroughly clean with air to eliminate dust and deposits of foreign matter.

N.B. THE QUANTITIES OF OIL REPORTED IN THE TABLE ARE APPROXIMATIVE.

THE PERSON WHO WILL EXECUTE THE MAINTENANCE, WILL BE RESPONSABLE AND HAS TO VERIFY THE EXACT QUANTITY OF OIL APPLYING TO THE CHECKPOINTS OF THE MAXIMUM LEVEL WHICH ARE MENTIONED IN THE USER & MAINTENANCE MANUAL OF THE MACHINE
